

# What's Next: Resources as We Age

Planning for  
care and  
support

Dear Community Partner,

We would like to offer the opportunity to have your business or organization represented at “*What’s Next: Resources as We Age*” to be held at four Whatcom County Senior Centers during the month of March 2024. These events are free and open to the entire community.

March 8 – Bellingham Senior Activity Center

March 15– Blaine Senior Center

March 22 – Lynden Senior/Community Center

March 29 – Ferndale Senior Center

Timeframe for each event is 10:00am to 2:00pm.

With the variety of resources for older adults, it’s challenging to discover and sort through all the different information available to individuals and their families. What’s Next: Resources as We Age is an opportunity to share information and answer questions about what resources are available to seniors in our community including senior living options, caregiving, dementia support, financial services and more. Our goal is for people to receive information on the various resources to help with planning for future and present needs, for not only themselves, but their families and loved ones as well.

We believe your organization has much to offer to the community and this event gives you the opportunity to come to one place to talk with many individuals who are seeking information about planning for their future. As a tabling sponsor, your organization will not only be supporting the Senior Centers, but you will have the opportunity to promote your services to the people of the community who are specifically seeking them out. You will be given a table and space to promote your services, and advertising to our member base in senior centers throughout Whatcom County.

The cost to secure a vendor table is \$150 per date (\$50 for non-profit organizations) or \$400 (\$130 for non-profit organizations) for all four dates. We encourage you to attend all four.

We are all looking forward to these events and we hope you to have you be a part of them! Please contact me with any questions you may have.

Thank you,

Eric Pierson
