Friday, July 11th, 10:00-11:30am. Sign up at the Front Desk or MyActiveCenter.com. \$15 to the presenter, includes a copy of the poetry book (which otherwise sells for \$20)

A reading from newly published poetry book *Postcards from Autism* and a discussion of the significant overlap between autism and dementia. We will use the poetry as background for the discussion of neurodiversity and the overlap between the characteristics of the neurodiversity of autism spectrum disorders and dementia, many of which have similar treatments and interventions.

Eileen Coughlin has a doctorate in Educational Psychology and MFA in Creative writing. She is also a parent of an autistic adult daughter and has a parent who suffered a stroke which impacted brain functioning. Eileen will be sharing her knowledge as an educator, parent, and poet in this presentation with the goal to invite dialog on the topic of neurodiversity.

The poems in *Postcards from Autism* provide an opening for understanding, insight, wonders, gifts, challenges and frustrations inherent in living on the spectrum. In addition to the readings of poems, the discussion will include strategies for care providers, who service individuals with autism and dementia, to prevent burnout. The constant demand and search for answers along with feelings of responsibility are difficult to navigate for family members who may not be able to afford respite care or may become isolated from friends due to the demands of caring for a loved one. We will also discuss researched therapies, such as Applied Behavior Analysis, that are suggested for both autism and as a support for dementia.

Exploring Your True Self Discussion Group

We all have wonderful qualities within us. Explore what they are, how we have expressed them, and how we can expand them. We are more than older beings or former workers. We are the qualities we possess and we continue to grow. Join this group in sharing a wide variety of quotes on different qualities and share your thoughts. A list of quotes related to the topic of discussion will be provided by the facilitator, Ellen Dodson, and we will have the opportunity to discuss and expand on the quotes that we identify with or that stick out to us. It will be empowering to discover and share these positive qualities that we all possess.

Tuesday, June 10th, 2:30-3:30pm, we will explore the quality of *Hope*. Example quote:

"Hope is like a road in the country; there was never a road, but when many people walk on it, the road comes into existence." ~Lin Yutang

Friday, June 27th, 10:00-11:00am, we will explore the quality of *Responsibility*. Example quote:

"Most of us can read the writing on the wall; we just assume it's addressed to someone else." ~Ivern Ball

Local Cardiologist Discusses Heart Disease

Friday, June 20th, 9:00-10:00am. Sign up at the Front Desk or [MyActiveCenter.com](https://www.myactivecenter.com)

Local cardiologist, Dr. Rajesh Bhola, presents about heart health and specifically aortic stenosis (heart valve failure) to raise awareness of this disease state and provide treatment options. Aortic stenosis is a progressive disease that most commonly develops due to age-related calcification of the aortic valve. It is prevalent in people over the age of 65, making it a condition that many seniors either have or are at risk of developing. Many may dismiss common symptoms like shortness of breath, fatigue, or dizziness as just "getting older." However, these could be signs of aortic stenosis.

Raising awareness can help individuals seek medical evaluation sooner, potentially leading to earlier diagnosis and treatment options which have advanced significantly and no longer require open-heart surgery. Minimally invasive options like TAVR (Transcatheter Aortic Valve Replacement) can provide hope and encourage you to discuss options with your doctor. Awareness about the disease and its treatment can empower you to take action and regain independence.

All senior meals are available on a donation-only basis to anyone 60 and older, with a Participant Information Form (PIF) on file. PIFs are available at the front desk.

The suggested donation is \$6 per meal or whatever is affordable. Donations can be made by cash, check, or online at whatcomcoa.org/donate. No eligible person will be turned away due to the inability to donate.

Others eligible for a donation-based meal include: the spouse/domestic partner of an eligible senior, the unpaid caregiver of an eligible senior, the disabled dependent of an eligible senior, and volunteers of any age who support the meal program.

Those under age 60 who wish to participate in the meal program will be charged \$10. Bellingham Senior Activity Center membership is not required to participate in the Senior Community Meals.

Senior Farmers Market Nutrition Program Benefits Cards

A very popular produce program benefitting lower income older adults is back this spring! The Senior Farmer's Market Nutrition Program (SFMNP) funded by the State, will provide lower income seniors with an electronic benefits card that will be used to purchase \$80 in fresh fruits, vegetables, honey, and fresh-cut herbs at approved farmers markets and farm stores throughout Washington State. WCOA's Meals on Wheels and More program is responsible for distributing the SFMNP benefits cards to eligible seniors throughout Whatcom and San Juan Counties.

To be eligible to receive a SFMNP Electronic Benefits Card, you must meet all of the following:

- ☐ Be 60 years old or older (55+ if Native American or Alaska Native)
- ☐ Be a resident of Washington State
- ☐ Have an income below:
 - \$27,860 Annual / \$2,431 Monthly for 1 person, or
 - \$37,814 Annual / \$3,261 Monthly for 2 people
 - For larger households, add \$848 for each additional person per month

2025 SFMNP Affidavits/Applications will be available at your local senior center. Benefits cards will be mailed to eligible seniors from our Bellingham office starting at the end of May and will be redeemable between June 1st and October 31st.

Please note, last year we had nearly 300 Farmers Market cards be awarded to seniors, who did not use the program at all. Between Whatcom and San Juan Counties, we had over \$32,000.00 in benefits go unused! Please only apply for the program if you plan on taking full advantage of it.

There is a SFMNP Mobile App available for download to help you access your SFMNP benefit information, purchase history, and find local vendors. If you are interested in downloading this app, it is available on Apple/iOS and Android as "SFMNP app". ~ Happy Spring!
